

Webinar Participant Guide

Register for a Webinar

When a webinar is scheduled you will receive a registration link via an invitation email or referral to the registration button under Web Tools on the Texas Turnaround Center website. The link will bring you to the [GoToWebinar](#) site where you can register for the upcoming webinar.

It is recommended that you register as far in advance of the webinar date as possible, as we may include questions in the registration process that will influence the content provided during the webinar.

Verify that your system is configured for optimal performance

Please review the system requirements below.

System Requirements

For PC-based Users

Required: Windows® 2000, XP, 2003 Server or Vista

Required: Internet Explorer® 6.0 or newer, or Mozilla® Firefox® 2.0 or newer (JavaScript™ and Java™ enabled)

Internet Connection Required: cable modem, DSL or better recommended

Recommended: Minimum of Pentium® class 1GHz CPU with 512 MB of RAM (2 GB of RAM for Windows Vista)

For Mac®-based Users

Required: Mac OS® X 10.4 (Tiger®) or later

Required: Safari™ 3.0 or newer, Firefox® 2.0 or newer; (JavaScript™ and Java™ enabled)

Internet Connection Required: cable modem, DSL or better recommended

Required: PowerPC G4/G5 or Intel processor, 512 MB of RAM or better

To Use VoIP

Required: Fast broadband connection (384 kbps or more recommended)

Required: Microphone and speakers (USB headset recommended)

Before attending the first webinar, it is recommended that you review the **Attendee Quick Reference Guide** for additional information.
